Synopsis :

Review “Tarkin tells a compelling tale of mystery while revealing much about a character who has fueled debate among fans since 1977, as well as the oppressive regime he represents. [James] Luceno has proven once again that the villains of Star Wars are as much fun as the good guys.”—New York Daily News “Another home run in the new canon . . . This is the highest and best distillation of Tarkin stories, old and new, we’ve ever been given.”—Big Shiny Robot “A spectacular novel, with the intrigue, action, and profound characterization we have come to expect from the pen of Luceno . . . [Tarkin] provides a nuanced, multi-faceted anti-hero who is captivating, ominous, and calculating; in many ways, this is an origin tale of the Empire [and] a fascinating portrait of one of the more popular characters in the Original Trilogy. It may very well be one my favorite Star Wars novels.”—Coffee with Kenobi “A fascinating look at the pathos of one of the galaxy’s most criminally underused characters.”—TheForce.net Read more About the Author James Luceno is the New York Times bestselling author of the Star Wars novels Darth Plagueis, Millennium Falcon, Dark Lord: The Rise of Darth Vader, Cloak of Deception, and Labyrinth of Evil, as well as the New Jedi Order novels Agents of Chaos I: Hero’s Trial and Agents of Chaos II: Jedi Eclipse, The Unifying Force, and the eBook Darth Maul: Saboteur.
